

Investment opportunity: 4-star hotel complex in Bukhara

A premium-class hotel property, ready for interior finishing, located in one of Uzbekistan's key tourist destinations. The development comprises 8 floors, 74 guest rooms, 3 conference halls, a spa complex, and a terrace restaurant offering panoramic views of the historic city. The property also features a private pine garden within the hotel grounds, creating a distinctive and tranquil environment for guests.

FOR INVESTORS AND HOTEL OPERATORS

Address: 15 Gazli Highway, Bukhara, Uzbekistan

Location: In the Heart of Historic Bukhara

Strategic Location

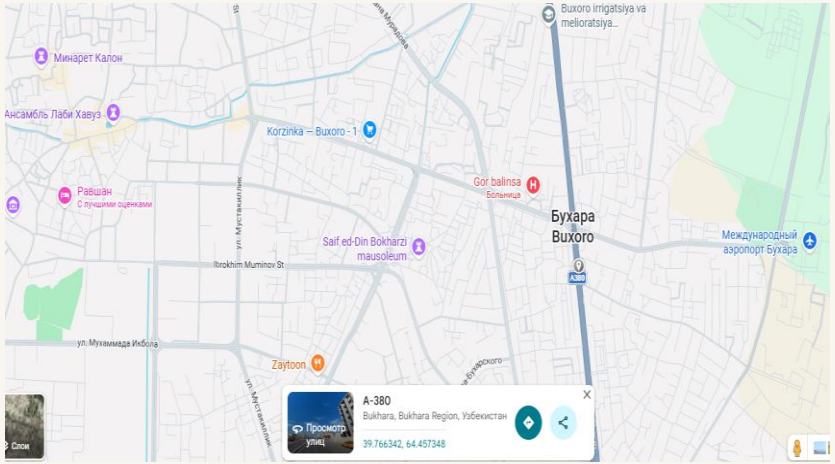

The property is ideally situated near the historic center of Bukhara, a UNESCO World Heritage Site. Convenient access to restaurants, banks, and administrative institutions makes it an attractive destination for both leisure and business travelers.

- **1 km** from Bukhara International Airport
- **2 km** from Bukhara old city
- Direct access to major city boulevards
- Close proximity to parks and cultural attractions

A stable year-round demand from international tourists, business travelers, and conference participants ensures strong occupancy potential and sustainable operating performance.

Why Bukhara?

Bukhara is one of Uzbekistan's most visited tourist destinations, demonstrating steady growth in international and domestic visitor arrivals. Continuous infrastructure development, annual cultural and historical events, a simplified visa regime, and strong government support for tourism create a favorable environment for hospitality investments.

Property Specifications

8
Floors

Including the basement level, the property consists of eight floors. Each floor offers **832 sq.m.** of space and has been purpose-designed for guest room accommodation.
Total Gross Floor Area**: 6,656 sq.m.**

74
Rooms

Room Inventory: 47 Standard Rooms, 8 Suites, 16 Family Connecting Rooms, 2 Apartments, and 1 Presidential Suite — providing a balanced accommodation offering for multiple guest segments.

35
Hectares

Total land plot area, providing sufficient space for supporting infrastructure and parking facilities. The hotel building occupies **0.8 hectares (8,000 sq.m.)** of the site.

3
Conference Halls

With capacities **of 120, 60,** and **30** guests respectively, the conference facilities are well-positioned to host business meetings, corporate events, seminars, and conferences.

The hotel has been designed in accordance with four-star hospitality standards, featuring comfortable guest rooms, modern safety and security systems, three restaurants (a main restaurant on the lobby level serving breakfast, a rooftop terrace restaurant, and a restaurant located on the basement level), an indoor swimming pool, a spa and wellness complex, and a fully equipped fitness center.

Number of rooms: 74 units

Standard rooms - 47

The main segment of the room fund. Optimal for individual tourists and business travelers. High turnover and stable demand.

Suite - 8

Enhanced-comfort room categories designed for guests seeking greater space and privacy, supporting higher average revenue and profitability.

Family Rooms – 16

A highly sought-after accommodation format for family tourism, one of the fastest-growing segments of Uzbekistan’s hospitality market.

Presidential Suite – 1

Flagship accommodation unit designed for VIP guests, official delegations, and high-profile travelers. It enhances the property's prestige and strengthens its premium market positioning.

Apartments – 2

Two-room apartments designed to accommodate tourist groups, families, and extended-stay guests, offering enhanced space, comfort, and flexibility.

Infrastructure and Additional Amenities

Three Restaurants

A main restaurant located on the ground floor, a panoramic rooftop terrace restaurant overlooking historic Bukhara, and an additional restaurant situated on the basement level, providing a diverse dining experience for both hotel guests and external visitors.

Spa & Indoor Swimming Pool

A dedicated wellness and relaxation area featuring a Finnish sauna, a Turkish hammam, and a hydro-massage pool — a key component of a competitive 4-star hotel offering. The facilities also include three massage treatment rooms and a fully equipped fitness center, enhancing the property's appeal to both leisure and business travelers.

Conference & Event Facilities

Three conference halls with a combined capacity of up to 210 participants, representing an attractive asset for the growing MICE (Meetings, Incentives, Conferences, and Exhibitions) segment. The facilities are complemented by a spacious foyer area suitable for coffee breaks, networking sessions, and event receptions.

Revenue potential

The comprehensive infrastructure allows for generating multiple revenue streams: room inventory, F&B, conference services, spa, and events. This reduces dependence on seasonality and increases the overall resilience of the business.

The terrace restaurant with a panoramic view of the city is an additional magnet for outside visitors and a source of considerable revenue.

Current Status of the Property

The building is at an advanced stage of construction completion, with all major structural works already finalized. This significantly reduces both the implementation timeline and the level of capital investment required to bring the hotel into operation.

✅ Structure and Façade

The roof has been fully completed. All windows and frames have been installed, while the concrete and façade works have been successfully finalized.

✅ Engineering Systems and Utilities

The property has been connected to the municipal water supply and sewage infrastructure. A centralized chiller cooling system has been installed, and a significant portion of the sanitary (FIAT) installations has been completed, reducing the scope of remaining fit-out works.

⏳ Next stage

Interior finishing, installation of engineering systems in the rooms, furniture and equipment installation, obtaining a license and launch under operator management.

* *Planned courtyard project*

Deal investment structure

Estimated cost

7,5 million USD

Total project cost — a competitive price for a hotel complex of this scale in a strategically important location.

Investment required for completion

3 million USD

Minimum required investment for commissioning.

At this stage of construction, construction and installation works worth **$4.5 million USD** have been completed.

Return on investment: **3 years** at an average annual hotel occupancy **of 30%**

Why is this attractive?

The buyer acquires a ready-made structure with completed main works, which reduces the implementation timeline and lowers risks. Investments in finishing are predictable and controllable.

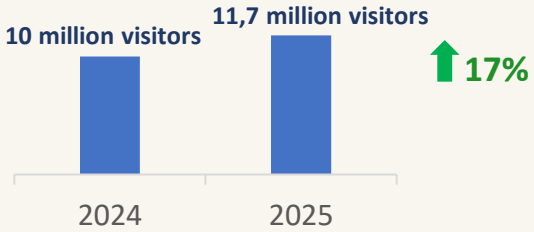

- Reduced risks compared to a «ground-up project»
- Transparent completion budget
- Flexibility to choose the operator and concept
- High ROI potential in a growing tourism market

Market context: Bukhara as a tourist destination

Demand growth drivers

Uzbekistan is experiencing a tourism boom: visa liberalization, expanding air connectivity, and active promotion of cultural heritage are attracting an ever-growing number of international visitors. Bukhara is a must-visit stop on every tourist's itinerary when traveling through the country.

→ Year-on-year growth in the number of foreign tourists in Uzbekistan

→ Lack of good 4 star hotels in Bukhara

→ Active development of MICE and business tourism in the region

Competitive advantages of the property

Location

1 km from the airport, 2 km from the Old City — ideal transport accessibility

Scale

74 rooms + 3 conference halls — one of the largest properties in the city

Completion status

Structure completed — launch possible in the shortest possible timeframe

International tourism growth in Bukhara

In 2025, the international Bukhara Biennial attracted approximately **1.6 million visitors**, including over **770,000 foreign tourists**, triggering a sharp surge in demand for hotel accommodation. Against the backdrop of rapidly growing tourism, international hotel brands **Wyndham, Mercure, Ramada by Wyndham, and Sahid** have entered Bukhara, confirming the investment attractiveness of the city's hotel market.

During the Biennial, the number of travel bookings to Bukhara increased by more than **330%**, demonstrating the city's potential to host major international events.

Following the successful inaugural Biennial, authorities and organizers are exploring the further development of international cultural exhibitions and events capable of attracting tens of thousands of foreign guests annually. The growing tourist flow and expanding international events calendar are creating sustained demand for modern hotel properties in Bukhara.

Potential for operators and investors

For international operators

The property is ideally suited for entering the Uzbekistan market under a well-known brand. The completed shell allows the operator to focus on concept, standards, and management without being distracted by construction.

For investors

A predictable volume of additional investment, high occupancy driven by location, and diversified revenue streams (rooms, restaurants, conferences, spa) ensure attractive returns.

For local developers

The opportunity to create a flagship property in the tourism capital of Uzbekistan, with the potential for subsequent sale or handover to an international operator.

Next steps: start the dialogue

The property is open for negotiations with qualified investors and hotel operators. We are ready to provide a complete documentation package, arrange a site visit, and discuss deal terms.

01

Information request

Receive the full investment memorandum and technical documentation for the property
