ZARBOFT TOWER

ZARBOFT TOWER

Crafted in natural stone to create a timeless architectural landmark

Design Excellence

An 11-storey architectural statement redefining contemporary living in Bukhara through refined proportions, generous 3.2 m ceilings, a grand double-height lobby and meticulously selected natural materials.

Framed by a majestic avenue of century-old pine trees, the building establishes a powerful architectural presence while achieving an elegant balance between contemporary design and its natural setting.

ZARBOFT TOWER

Investment Pathways

Choose between full project acquisition or an international hotel brand partnership

1.Hotel Component Acquisition

Acquire the dedicated hotel component of the development, including the hotel floors, rooftop restaurant, and all hospitality-related facilities, as a premium hospitality investment.

2.International Hotel Brand Partnership

Partner with an internationally recognised hotel operator to develop and manage the hospitality component while preserving the project’s long-term vision.
